

# FCSM 2021 Abstract Submission Form

The 2021 FCSM Research and Policy Conference will focus on Public Trust in Government, and the role of the Federal Statistical System in data collection and outcomes research that supports evidence-based policy making. The conference provides a forum for experts and practitioners from around the world to discuss and exchange current methodological knowledge and policy insights about topics of current and critical importance to federal agencies.

Please note abstracts cannot exceed 1,200 characters.

\* Required
